

Vital Mobile

The Easy Way To Take Payments Anytime, Anywhere.

What Is Vital Mobile?

Vital Mobile is an affordable point-of-sale solution that lets you run your business with your compatible smart phone or tablet. It gives you a full range of affordable products that are all driven by the powerful Vital platform – a cloud-based solution that gives you tools that can help you run your entire business. The C4 Card Reader is an easy to use Bluetooth solution that processes **chip**, **magstripe** and **NFC/Contactless** payments.

What Types Of Businesses Use Vital Mobile?

Good For Merchants Who...

- ...are looking for a solution comparable to others on the market
- ...may have little-to-no experience accepting electronic payments
- ...desire to manage credit card and cash sales on the go with an intuitive mobile app
- ...may have experience with or knowledge of competitor products

Vital Mobile Value

- Minimal investment – works on hardware already owned (merchant's capable mobile device)
- Quick sale transactions with tip functionality, signature & built-in tax rates
- Expandable to multiple devices with multiuser access
- Quick, easy activation process – begin taking payments in minutes
- Cloud-based back office with robust sales reporting/management capabilities

Best Industry Fits

- Lower sales volume, on-the-go merchants
- Merchants who may not be otherwise able to afford POS hardware
- Mobile Service Contractors (Plumber, HVAC, Towing Companies, General Contractor)
- Traveling Vendors (Craft Show/Flea Market/Farmer's Market/etc.)
- Food Trucks

Features & Benefits
