

Vital Plus

Hand-held, Cost-effective, All-in-one POS Countertop Solution

Vital Plus X5

What Is Vital Plus?

Vital Plus is an extremely easy-to-use in-store solution that lets you run your business from a single, compact, all-in-one device. It offers a full range of comprehensive features that are all driven by the powerful Vital platform – a cloud-based solution that gives you tools that can help you run your entire business. The Vital Plus X5 uses only 4G / 3G / WiFi / Bluetooth technology and cannot be physically connected to a network via cables or modem.

What Types Of Businesses Use Vital Plus?

Good For Merchants Who...

- ...are seeking to replace a countertop terminal (dial or IP) with modern technology
- ...are interested in removing tethers to a landline countertop terminal
- ...desire additional features like advanced discounting, order modifiers, split / combine / hold orders, etc.
- ...may have experience or knowledge of traditional terminals or competing products

Vital Plus Value

- Similar price-point to a traditional countertop terminal
- Updated, full-color, touchscreen countertop POS solution
- Option to email receipts, use the built-in thermal printer, or send to a station printer
- Lightweight, low-footprint, Wi-Fi device that can move around a store with ease
- Cloud-based back office with robust sales reporting/management capabilities

Best Industry Fits

- SMBs with low-to-medium sales volume and ticket size
- Brick and Mortar Retailers
- QSR/fast casual Restaurants
- Coffee / donut shops
- Merchants seeking more functionality than mobile without investing in a full POS register solution

Features & Benefits

- WiFi connectivity for in-aisle and line busting
- Item categorization, manual entry & customizable screen layouts
- Accepts swipe, chip or contactless payments
- Multiple connectivity: 4G / 3G / WiFi / Bluetooth
- Save/hold/recall orders w/ server/table assignments
